for Milva-chilta. Hence, two different rates should be quoted in the tender, one for the outturn of superior classes and the other for Milva-chilta, since the object aimed at is that greater care should be taken by the contractor to see that the Koti preparation work is conducted on principles of economy so as not to waste heartwood by conversion into chips. No charges are payable on the Milva-chilta if the outturn of the same is 15 per cent and more in proportion to the total production of good wood.

A. Superior Classes of prepared wood.

(1) Ghotla.
(2) Ghatbadla.
(3) Bagardad.
(4) Roots I Class.
(5) Roots II Class.
(6) Roots III Class.
(7) Jajpokal I Class.
(8) Do II do
(9) Ainbagar.
(10) Cheria.
(11) Ainchilta.
(12) Hatrichilta.

B. Milva-chilta.

(1) Milva-chilta.
(2) Basola-bukeri.
(3) Saw-dust.

B. T. THIMMARAYAPPA,
District Forest Officer.

ENGINEERING DEPARTMENT.

BUILDINGS DIVISION, BANGALORE.

Notice dated 26th October 1938.

The public are hereby informed that the following properties consisting of zinc sheet sheds, terraced buildings, Mangalore tiled roofed buildings and trees, etc., in the premises originally occupied by the Premier Metal Factory and the White Lead Syndicate will be sold by public auction by the Executive Engineer on the 10th July 1939 at 9 A.M. The conditions of sale are as follows :-

1. The intending bidders should make an initial deposit of Rupees five at the commencement of the bid and the property will be knocked down to the highest successful bidder.

2. The highest successful bidder should pay fifty per cent of the amount immediately on spot and the remaining fifty per cent within fifteen days of the date of auction, the amount being payable to the Executive Engineer, Buildings Division, Bangalore.

3. The buildings auctioned should be dismantled by the parties within fifteen days of the full payment of the bid amount and all the released materials removed from the site and the site cleaned.

Details of the several properties to be auctioned.
